

HARMONIC RESOLUTION SYSTEMS
R3X ISOLATION BASE

the foundation of great system performance

R3X ISOLATION BASE

“The R3X Isolation Base is a great value for customers who want excellent isolation across entire audio band. The R3X is a true high performance product with the technology used in our S3 and M3X isolation base designs but at a fraction of the price of the most ambitious models.”

*Michael Latvis, Chief Engineer
Harmonic Resolution Systems Inc.*

The **R3X Isolation Base** is a highly innovative design that eliminates noise revealing a new level of musical performance. It is manufactured from five different materials including a proprietary resonance control stage and billet-machined aircraft quality aluminum trim. The R3X load range is matched to the component weight for maximum performance using the same technology found in our high performance S3 and reference level M3X designs. The R3X can also be modified in the future to preserve its value. The new custom plate material used in the R3X increases mass density 28 percent over the previous model at the same price point, making the R3X an exceptional performance value.

**Broadband noise reduction
system maximizes performance**

**Highly effective on wide range
of surfaces and structures**

**Low profile compact design
minimizes space requirements**

**Adjustable load ranges
preserve initial investment**

**Integrates directly into all HRS
audio stands without modification**

R3X Isolation Base Physical Characteristics

Model	Dimensions (w x d x h)	
	in	cm
R3X-1921	21 x 19 x 3	53.3 x 48.3 x 7.6
R3X-1719	19 x 17 x 3	48.3 x 43.2 x 7.6

NOTE: The R3X is available in black or silver finish.

R3X Isolation Base Load Ranges (independent of size)

Load Range	Supported Equipment Weight	
RD (Red)	0-60 lbs	0-27 kg
GN (Green)	60-100 lbs	27-46 kg
BL (Blue)	100-160 lbs	46-73 kg

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
